## Educating for the 21st Century

The CORE Schools Project is dedicated to reinventing Olympic High School to meet the needs of the 21st century; providing students with the tools they need to succeed in college, career and the community.

CORE stands for Commitment to a Rigorous, Relevant and Relationship Driven Education. These are the guiding values of the reinvented schools.

## Vision & Mission

"In the past students were perceived as empty vessels to be filled with the teachers' knowledge. Today, we know that students need to be an active participant in their education and learn best through involvement in real-life situations."

- Pam Espinosa, Principal  
Olympic High School

### **The Future is Today**

The CORE Schools Project is dedicated to redesigning Olympic High School to meet the needs of the 21st century; providing students with the tools they need to succeed in college, career and the community.

The Heart of the Reform is a new way of teaching and learning. Imagine a school where your child's strengths and needs are well-known by their teachers. Teaching and learning is active and engaging. Instruction is personalized and unique and students learn through real-world experiences. The community and the world become their extended classroom. The CORE Schools project is dedicated to making this a reality.

### **For Big Results, Think Small**

Olympic High School will be converted into 5 small, autonomous high schools with no more than 400 students in each school. We will know each and every student and
